

AP038 – BALLISTIC AUDIO PAYTRAY

Secure Audio Pay Tray

The AP038 Audio Pay Tray is a one stop solution, providing a secure facility to pass currency, documents and goods between the staff and the public side of a screen and counter.

The Pay Tray is manufactured to ballistic standards, including an under-counter shot box. It is tested and certified by a UK Accredited Test House to: EN1522 FB4 & FSG 4. It provides protection against .44 Magnum & Solid Shotgun Slug as standard. (Higher levels of protection are available upon request).

Duplex Speech

The Pay Tray is a single integrated unit, incorporating a fully duplex speech system. The flush microphones and speakers deliver a superior sound quality than traditional tray systems. The AP038 ensures reliable, clear voice communication between staff and customers.

Optional gooseneck microphones are available for noisy environments.

The integral induction loop is positioned to provide optimum performance. This facility enables service providers to comply with the requirements of the Equality Act 2010. This will deliver higher levels of service to hearing aid wearers, eliminating all background noise.

External Dimensions:

520mm wide x 440mm deep (front to back)
127mm O/ALL depth under counter.
Scoop Depth 70 or 100mm

Installation Aperture:

500mm wide x 420mm deep (front to back) with a 10mm x 2mm deep rebate all around for flush fitting if desired.

The robust construction of the AP038 ensures longevity of service, whilst being aesthetically pleasing. It is constructed from a combination of enhanced steel materials. Counter top finished in powder coated steel as standard. Grained stainless steel available as optional extra.

The AP038 has been designed to enable it be maintained without the need for an existing screen to be removed, saving valuable downtime and onward cost.

The AP038 can be provided in any RAL or BS colour to suit your corporate identity. Simple to use, the AP038 is reliable and is found in many of the leading financial institutions worldwide.
